

DAVO Working Group “Urban Development in the Arab Gulf States”

This Working Group is based on a study on “Neoliberal Processes of Urbanization in die Cities of the Arab Gulf States” which is supported by the German Research Foundation (DFG). The study is carried out by the Centre for Research on the Arab World (CERAW) at the University of Mainz, especially by Dr. Ala Al-Hamarneh, Dipl.-Geogr. Jonas Margraff, Prof. Dr. Guenter Meyer and Dr. Nadine Scharfenort.

Scholars from different disciplines such as social and political sciences, economics and urban studies are invited to join this Working Group and to co-operate in the preparation of an edited book and several panels at international conferences in 2015 and 2016.
